We are a nonprofit club. All of our Managers, Coaches and Committee are volunteers and most are parents, who have committed their time and energy to this wonderful club that is dear to our hearts and has been an integral part of the Greenford community for over 30 years.

We provide young children with the platform to develop character and life skills including their social skills, relationship building, determination, resilience, and respect. With their respective age groups they learn how to work as a team and foster a sense of camaraderie through the beautiful game.

As a nonprofit organisation we rely heavily on the support of local businesses and individuals to continue offering affordable access to grassroots football, we are an inclusive club and have children from all backgrounds, ethnicities and beliefs and this is central to our core values.

We are not just a football club; we are a community hub and a safe space for all. Our club starts with under 7s through to under 16s and adult team and we have had children be with our club throughout and so we are part of their most important formative years.

As you will be aware the rocketing costs in recent times have put an immense strain on such community programmes and although we try to be frugal and work within a strict budget, we need support as we are in deficit year on year due to the rising costs and overheads along with dwindling sponsorship.

We are one of, if not the cheapest clubs to play for in our locality (and probably London) and we wish to avoid passing these rising costs to our parents who are often also struggling to make ends meet.
